I am writing to acknowledge the receipt of your proposal to hold a training workshop on the Convention on the Rights of Persons With Disabilities (CRPD) at Garissa University. I am pleased to inform you that we have accepted the proposal

This workshop will set the stage for many other activities Garissa University in Partnership with HAARAN will engage in as we endeavor to strengthen our partnership in creating awareness on issues to do with PLWDs not only in Garissa, but the whole of Kenya and beyond.

In order for the University to prepare adequately for this workshop. Please send us the proposed programme and liaise with my office for further logistical arrangements. We are available for any assistance that may be required to make this event a success.

Sincerely,
